WELCOME

Good afternoon everyone and a warm welcome to University Park for today's match for our Women's 1st Team who take on the University of Edinburgh's Women 3rd team in the Scottish Student Sport Women's Cup. It is a great delight for me, as well as all the players and staff associated with the team, that you have travelled a long way to be here with us today in what marks the girls' last game before the Christmas break.

In my 9 years within the football programme at the University we have always been very fortunate to have a strong American representation, particularly within the women's section of the club and so for you to be here with us during the Thanksgiving period means a lot to the club and the girls. This is the first time we have hosted a Thanksgiving event linked in with a game, but I hope that it can become a regular fixture within our calendar of events.

As you will have hopefully seen from following the club's social media platforms the team has been in outstanding form this season with 7 wins from 7 so far, 6 of which have come in the league to leave the team with a 5 point lead at the top with 4 games left to play next term. Last week's win was a particular stand out in the season results so far as we defeated Leeds University 3-1 in the British Cup. Today's fixture will be a tough one in that Edinburgh always have well organised and hardworking teams that are difficult to play against. We go into the game full of confidence and are looking to put on a good spectacle so that we can progress in the competition, hopefully to go and win it, something we have yet to do in my time here!

Many thanks once again for taking the time to come over and see the girls play. Enjoy the game!

Kind regards,
Stuart Milne
Director of Football

PERFORMANCE PROGRAMME

SPONSORSHIP OPPORTUNITIES

Our Legacy. Be Remembered.

Our vision is to develop one of the best performance football programmes in the UK. To achieve this we aim to provide our students and staff with the opportunity to compete and develop at the highest level, whilst building stronger relationships with businesses and the local community off the pitch.

By investing in the Saints Football programme you will be associating your company with a very positive, inclusive and ambitious club, and supporting some of the University's most dedicated and driven students in their quest for academic and sporting excellence.

OUR PROGRAMME

Saints Football fosters a healthy relationship between athlete and student. We aim to provide the very best support and a comprehensive programme of training, allowing our players to graduate with a world-class education, exceptional sporting experience & teammates for life.
